CORPORATE FACT SHEET

*Trek 2000 International Ltd
Singapore's Proponent of Intellectual Property Rights Protection*

Introduction: TREK was founded in 1996 as a value-added engineering solutions provider for small and medium industries. It has evolved over the years to what it is today – a leading external Storage Solutions provider with a portfolio of patented solutions.

Listed on the Singapore Stock Exchange Mainboard (*SGX:TREK*), its core businesses are in the field of Mobile Media Solutions ("**MMS**") and Customised Solutions ("**CS**") and Licensing.

Vision : To be a leading external Storage Solutions provider with a portfolio of our own Innovative & Patented products / solutions.

Businesses : Trek 2000 is a company rich in applied research skills and intellectual property. An industry leader, innovator, original inventor and patent owner of the **ThumbDrive™** (USB Flash Drive) offers state-of-the-art design solutions and products. Under the MMS core business segment, its numerous patented technologies cover Wireless, Anti-Piracy, Compression and Encryption to sophisticated Enterprise Solutions for the fast changing digital industry. The external Storage Solutions/Products include hard-disk drive and optical based storage devices solutions/products, incorporating security features.

CS, another segment of Trek's core business calls for semi-customised and customised solutions based on customers' requirements. It involves solutions pertaining to the design of sub-system modules – firmware, software and hardware and chipsets that are customised to customers' needs.

Licensing - Having built up its library of patented technologies surrounding external Storage Solutions/Products, Trek is now in a position to leverage on its strengths. Trek ensures that its library of intellectual properties is well managed and is constantly on the lookout to forge strategic alliance for growth.

Trek's global intellectual property granted rights number more than 160 in different technologies.

Global Network:

With its Headquarters in Singapore, Trek has offices in the US, Netherlands, Hong Kong, China, India, Malaysia, Thailand, the Philippines, Vietnam and Japan. This geographic network is expected to grow as the Company makes further inroads into new markets around the world.

Accolades:

Trek 2000 was named by Forbes Global as one of the Best Small Companies in the World for 2000 and 2002. It also ranked as the Best Managed Small Company in Singapore by AsiaMoney (of Euromoney) and was accorded the Design & Engineering Showcase Honor during the CES exhibition in 2003.
